

2020 News

The 2020 Spring race season is upon us and BBMX has released the race dates the year and locations for the first half of the season. It is exciting to see 2 new venues on the schedule; Riverfront MX in Marysville, California and Elko Fairgrounds, which I can only imagine will be a more Arenacross style of event. With a new track opening in Fernley (possible fall race date?), 2020 should be a good year of racing motocross in Northern Nevada.

The OTHG Reno Chapter will be putting on the opening round in 2020 on March 14th & 15th and round 5 on May 9th & 10th. Be sure to come out to the track and get your help points.

Sierra Race @ PC

Only 3 Reno chapter members made it over the hill to the Sierra Chapters first race of 2020 at Prairie City. It was a great day for a race minus it being a little windy. The track was long with an over 2-minute lap time. Track did offer up challenges yet did offer up safer options.

The racing was also equally good. Each class felt like a National caliber gate fill. The Sierra Chapter even had 30 plus new members at the race completing their evaluation races.

As for the Reno Chapters who made it to the race, all lined up in the same race which just happened to be race 1. 30 plus Intermediate Zach Howell rode strong and went 6-8 for 5th OA, and Mikey Chick finishing 3-11 for 6th OA. Mikey got great starts in both motos but a 2nd moto tip over cost him a possible podium finish. 45 plus Intermediate Aaron Bissell did not get good starts but went 3-5 for a 3rd OA.

Race results and lap time can be found at the following link:

Good job to the Reno members who went and raced as this was a double race point event for the Reno members. The next double point race will be September 19th and 20th at Riverfront MX.

Go Fund Me

Although he is not officially a OTHG member, he has been part of the OTHG family for The past 17+ years, Matt, who has been Our cook for the Reno

National dinner, was diagnosed with cancer. A go fund me account has been set up for him. Please take a moment and

From the Editor,

Sometimes you take the simplest things for granite. For example, the materials that you own; i.e. your bike, house, car. Or maybe your family and/or friends. The biggest really for me, lately is life. Life is truly short, and, in my opinion, it doesn't really hit you until events start happening around you that makes you stop and think.

For me, the past month has impacted my outlook. First was a fraternity brother from college being diagnosed with cancer and the second was a co-worker, who was about 12-13 years younger than me, passing away suddenly in his sleep. It has been a true eye opener. You only get one shot at life.

It is comforting knowing that family, friends, co-workers all come together in times of need to help those who need it most. Both, above friend and co-worker that I mentioned, have a 'go fund me' account and the amount of people who are helping and supporting them is astonishing.

So the moral of this is; life is short so surround yourself with those who complete your life, support your ideas (no matter how stupid or lame it is) and to do the things that you love to do in life.
