

2020 News

2020 has been a year to forget. Maybe when things opens and we get back to racing, the turn outs will be some of the biggest we have seen in years.

One reason to forget this year is all the nationals have been cancelled due to the pandemic. Trying to fit 5 rounds for the nationals was proving to be difficult and most of the racers work for a living and with attending a single National around the \$500 and more for some rounds, jamming the races in a smaller window was proving difficult. It does sound like the south chapter are still planning an event at Glen Helen on July 24-26th. More details to follow. We will try to do something of a National caliber event in the later summer /early fall when the restrictions have been lifted.

UPDATE on Racing: Many are asking about racing, as 95A had a car race recently. 1) We did speak to Lyon County Commissioner and OTHG would be held liable if someone tested positive and said they were at our event. Count is following the states reopening guidelines which still limits gathering to 50 (do not bring up recent protests. Not the same). 2) They own their land, we do not. We lease it.

Believe Racing is part of the next phase, Phase 3. Hopefully.

Monthly Meeting

No meeting for June. Pizza Plus is still restricted on amount of customers. No Zoom meeting this month.

October 2-5, 2020
DT1 MX Park

OTHG Ride Day

**May 2020
Newsletter**

May 30th marked a ride day for the Reno OTHG Members. It was originally scheduled for May 17th but heavy rains to Riverfront MX in Marysville had us reschedule. We had a good turn out and gave us the opportunity to bring in new members. Got a little nervous as the forecast called for more rain but it turned out to be a beautiful day to ride. In the morning, the track was in great shape with the perfect amount of hero dirt. Thank you to everyone who came out and played.

From the Editor,
I don't have the words as to what is happening right now. All I can say is that I hope everyone is doing well and that you are staying safe.

One can only go so long without doing what they are so passionate about, riding dirt bikes. I personally rode on March 22nd and did ride for 5 weeks just in case if something went wrong, I didn't want to add to the hospital's workload. I do know someone who stopped riding because of the pandemic and was off the bike for just over a month and decided to ride as he was itching to ride. He ended up get hurt, pretty bad too.

I have been getting the itch lately. Luckily, I have a project bike that I have been doing, but now that it is close to being complete, I am wanting to ride. I even took time to change the plastic with new graphics on the Honda and then I even put on my black rims and then the gold rims to see what looked better. I liked the way the gold looked but have the wrong rear tire on it. I guess I will have to put on a different one. Oh wait, the shops are closed. I guess that will have to wait. Once everything opens back up, help local business and buy local. Brraapp on!
