

October News

Racing has returned to Northern Nevada. Notes from our meeting from 8/6/2020. We had 14 members in attendance. Started by recapping the Winnemucca race. They had a solid turnout. It was dark when the last motos took off from the gates.

Our races are coming up fast. Although it is not racing as usual for us in Fernley, we will have to follow some new guidelines. Be sure to review our approved safety and health plan prior to coming out to the race. They have been posted on social media and will need help come race day to make sure everyone follows.

In order to have a good and successful race, we will be needing everyone who can help to please do so. There will plenty of tasks to go round starting on Friday 10/23. More details will be posted on social media.

October means Executive Board Nominations for the 2021 racing season. All the 2020 board members have elected to run for the 2021 year (see the right for current board members). No new nominations were made.

Planning a ride day at the Sandbox on 10/31 and an open practice on 11/1. That would make 3 straight weekends in Fernly. More details to come.

Monthly Meeting

Our OTHG monthly meeting are held on the first Tuesday of every month at Pizza Plus located at Prater and McCarren. Pizza is served at 6:30pm and the meeting starts at 7:00pm. See you then.

2021 OTHG National Schedule

When racing the Sierra OTHG 2-stroke race at REP Racings Riverfront, I did speak to some member from other chapter and it sounds like 2021 Nationals will happen. Nothing is confirmed yet, but South will start thinks off in March. Possibly a week earlier then the years prior (3rd weekend of March). They are looking at a revisit to Glen Helen. No word on locations for the Sierra, Bay and Valley chapter, but I am sure Hollister and DT1 will be in play. Imagine Sierra will be at either Oatfield or Prairie City.

From the Editor,

I find it odd that sometimes you can have a bad day at a track and the next week on the same track, everything clicks for you and can't do no wrong. Have you ever had that happen? That happened to me at the Sierra OTHG 2 stroke race at Riverfront MX. It really did not matter which line I took it was fast for me. Although it was not a perfect day, bad starts and one corner I was having issues with, I was able to take the lines I wanted to take early in the race and pass people fast. I felt that my lines, which in most cases were not the main racing line, were to my advantage. My laps time in each moto were close without a big variance between my fastest lap and slowest lap (Got to love good transponders). Also felt that I had more in the tank if I needed it. The competition on this day was incredible too. It was some close racing. Love racing on days like that. Makes me want go out and race more.

Side note, has anyone noticed this when the pro racers and watching them on TV, when someone goes down, they seem to always put their hand the opposite grip picking up the bike up. It always looks awkward when they are picking the bike up and swap their hands back. Braappon!
