

2020 News

The 2020 racing season has come to an end. It was definitely a strange year for sure. The year started out with a bang with the beloved Sandbox GP which was followed with our round of the BMX series (Round 1). Then the it went into the toilet. From middle of March to middle of September there was no motocross in Northern Nevada. As the state slowly open back up, so did the racing. The Reno OTHG Board started in August trying to see what it would take to race again in Fernley. We had to jump through many hoops, but by the time we got to our schedule race in Fernley in October, we were good to go racing. We had back-to-back races that were successful races.

We know this virus is not going anywhere anytime soon, but the 2021 executive board is already planning for next year. We are looking forward to a fun 2021 season with some racing and more OTHG only ride days.

We have learned a lot from this past year and are hoping to bring the family and fun back to the Reno OTHG. We will see you at the track.

Monthly Meeting

Our OTHG monthly meeting are held on the first Tuesday of every month at Pizza Plus located at Prater and McCarren. Pizza is served at 6:30pm and the meeting starts at 7:00pm. See you then.

RD. 4-Bay National
September 3-5, 2020
Argyll MX

RD. 5-Valley National
October 22-24, 2020
DT-1

Ride Day 12/12/2020

The Reno OTHG chapter had a ride day at Riverfront MX for its club members and immediate family only. For those who braved the chain controls and made it to Riverfront MX Park, were treated to an awesome day of riding.

The dirt was a little slick in spots, but it tacked up and the track turned out to be one of the best days to ride.

December 2020 Newsletter

From the Editor,

I was pretty excited to get a new bike this year and am really looking forward to racing all the National in 2021. For those who don't know, I got a 2021 Honda CRF450R. Isn't she beautiful?

Isn't it odd that most guys call their bike she? Do women riders call their bikes 'he or dude'? Anyways, I was able to put 3 hours on it (basically 3 days, 2 practices and 1 race) before I decided to send my suspension off to get it re-valved. After 3 weeks of no suspension and no idea when I will be getting it back as the person, I sent it to got hurt and would not be able to get to it for a while. He was able to send it back and I turned around and sent to someone else. I went out to my garage and just stared at the suspension less bike. Started to put an exhaust system on but quickly realized I couldn't put it on as the subframe was off. Oh well. Guess I will go back to the 2 stroke.

By the way, first race went 2-1 for 1st overall. Good sign to things to come.

Aaron Bissell 124R
